LED Bulkhead Series

LONGLUX

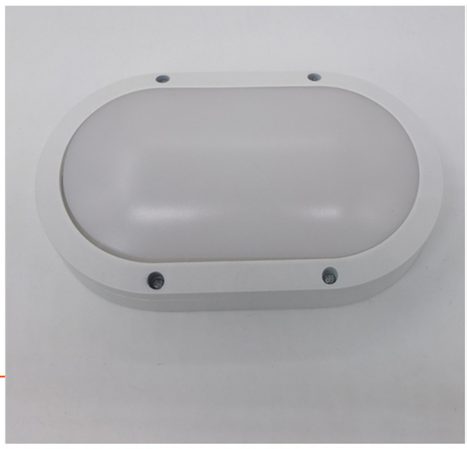

Fire Resistant

LED IP54 Bulkhead

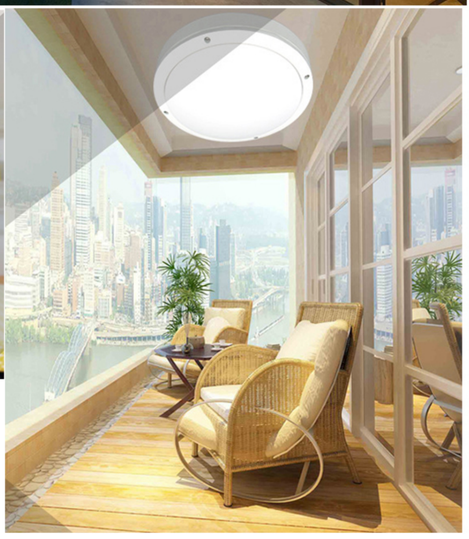

Features

- Adopt PWM constant current technology, high efficiency, low heat, high precision constant current
- High-power led plane cluster packaging, radiator and lamp holder integration design, fully ensure the led heat dissipation requirements and service life
- Significant energy savings. Adopting ultra-high brightness and high-power LED light source, combined with high-efficiency power supply, it saves more than 80% electricity compared to traditional incandescent lamps
- Universal standard lamp holder, can directly replace existing halogen lamp, incandescent lamp, fluorescent lamp
- The luminous visual efficiency can reach up to 80lm/w, with various LED light color temperatures a vailable, high color rendering index, and good color rendering performance
